

ON 100% WHEY

NUTRASPORT

Flavours:	Chocolate, Vanilla, Strawberry
Size:	2.2Kg
Price:	See Nutrasport Website

PURCHASE

WHAT IT DOES

Since the very beginning, Optimum Nutrition has raised the standard by which all other whey protein supplements are judged. Now we're raising the bar again with the 3rd generation of ON 100% Whey Protein: ON 100% Whey Gold Standard Like its predecessors, it gives you more of what you want (pure, unadulterated whey protein) with less of what you don't (fat, saturated fat, cholesterol, lactose, and other carbohydrates) with every serving. This whey protein supplement is no exception. In fact, ON 100% Whey Gold Standard is better than ever! Here's why ON 100% Whey Gold Standard provides more whey protein isolates (WPI) -

The purest and most expensive source of whey protein available Higher protein percentage. ON's 100% Whey Gold Standard has always been a leader in this respect. Now with 24 grams of protein in just slightly over one-ounce serving, it's nearly 79% protein by weight! ON's 100% Whey Gold Standard now contains lactase and Aminogen digestive enzymes to further enhance absorption and make this product even more friendly to lactose intolerant individuals. Every serving supplies even more low, moderate, and high molecular weight, biologically active whey protein microfractions including Alpha-lactalbumin, Glycomacropeptides, Beta-lactoglobulin, Immunoglobulin G (IgG), Lactoferrin, lactoperoxidase, and various growth factors Over 4 grams of glutamine and glutamine precursors as well as 5 grams of BCAAs (leucine, isoleucine, and valine) in each scoop!

NUTRITION

Container Size: 2273g
Serving Size: 1 scoop (29.4g)
Servings Per Container: 77

Container Size: 4557g
Serving Size: 1 scoop (29.4g)
Servings Per Container: 155

Amount Per Serving:

Total Calories: 120
Protein: 24g
Total Carbohydrates: 3g
-Sugars: 1g
Fat: 1g
-Saturates: 0.5g
Cholesterol: 30mg
Sodium: 60mg
Enzyme Blend
Aminogen
Lactase (standardized to 100,000 FCC units/g)

Ingredients:

Protein blend (whey protein isolate, whey protein concentrate, whey peptides), cocoa (processed with alkali), artificial flavor, lecithin, acesulfame potassium, Aminogen, Lactase
